Welcome to the adventure of Nordic travel

Wedo Nordic - Robinson Scandinavia is one of the major incoming travel agent and tour operators in the Nordic countries, based in Copenhagen.

As an experienced operator in the B2B market for more than 30 years, we have established long and strong business relations with the region's top service providers. This is your guarantee of high quality and excellence.

We offer a wide variety of services, accommodation and travel facilities that suits organizers of both group and individual tours, winter tours and city breaks in the Nordic area.

Adventure is part of our DNA

Did you know that Vikings, trolls, mermaids, Santa Claus and a whole range of mythical figures all originate from the Nordic countries? So do some of the world's most beloved fairytales. It is part of the Nordic DNA, and we do our very best to give your guests the *feel* of it.

we do fantastic journeys in spectacular surroundings

What we do for you.

In us, you have a local friend and business partner. We do believe in friendships. Friends never let you down.

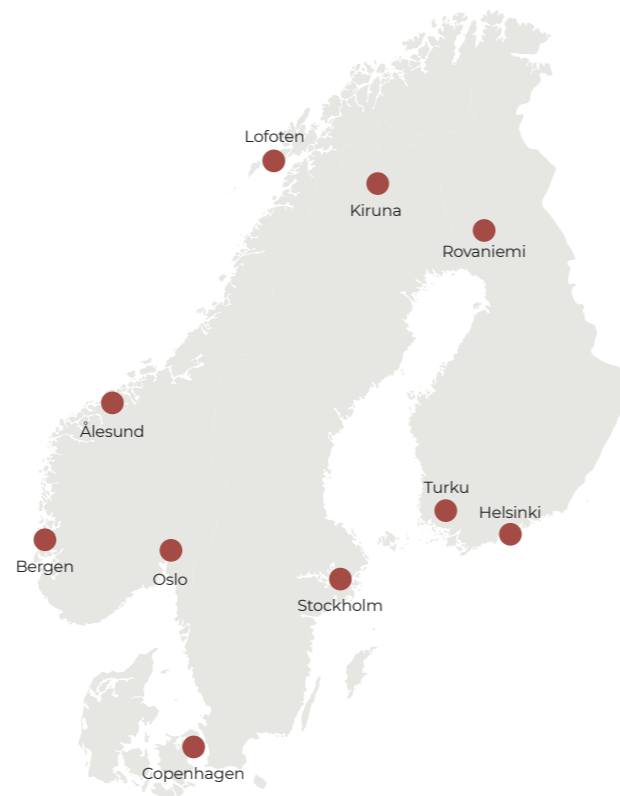

Among us, we master 17 different languages, and with any luck, we can communicate with you in one of them.

Experience is not always an advantage – sometimes young and fresh is better. We offer you both. Our guides and tour leaders are knowledgeable beyond the manuscript. Educated. Specialized. Charming and service minded down to the last piece of luggage.

We have handpicked a diversity of providers, so we can offer you the very best within a price-range from five star hotels to modern youth hostels and from luxury coaches to bicycles. That's called value for money.

We are happy to assist you with marketing support and intelligence.

Finally yet importantly, we give you a dedicated team, and invite you, as our customer, to become part of it. After all, it is all about your clients.

Group Tours

Tailor-made group tours through the Nordic wonderlands.

Choose from our ready-made itineraries. Or let us prepare an itinerary for your groups, one that meets all your requirements of services, duration, quality and must-see places. Scandinavia is our back yard, and we have explored it for more than 30 years.

Individual Tours (FIT)

Let us set up the perfect journey for your individual travelers wanting to explore the Nordic region and culture on their own.

Choose between a range of ready-made itineraries by rental car or public transportation or independently packaged tours with prearranged accommodation, sights and transport according to any wish your clients may have.

Guaranteed Tours

Escorted tours with guaranteed departure.

There is no minimum number of guests, therefore no last-minute cancellations. Our guaranteed departure program contains tours in the individual Nordic and Baltic countries - or across them. Always with a professional and experienced tour manager at the helm.

Winter Tours

Imagine gliding through the snow in a reindeer sledge, wrapped in fur.

It is completely silent and above you, the fluorescent Nordic Light is dancing on the sky. Then return to your luxurious ice hotel for a hot drink and a gourmet meal. It is pure magic. Wouldn't your clients just love it? Naturally, we also offer all Nordic disciplines within winter sports and cozy city breaks in the Nordic capitals.

Scandinavia

has so much to offer
the world.
